**PROCUREMENT AGENCY'S CLARIFICATIONS No.1**

Project title: Procurement of AMRES backbone upgrade  
Procurement reference no.: EIB-GtP/404-02-236/2021-13

<b>No.</b>	<b>Question</b>	<b>Answer</b>
<b>1.</b>	<p>Inspecting the tender documentation, we noticed that on page 32/114 (ITB 11) it is required that Bidders must submit Technical Specification Form, per given template in Section IV, Bid Forms and attachments, as an obligatory integral part of the offer. However, this template/form is not included in the mentioned section.</p> <p>Having in mind the subject of the procurement, please confirm that it is a correspondent error and that the same form does not need to be submitted, but that it is acceptable to describe in free form the offered solution.</p>	<p>The Procuring Agency confirms that there is no template for Technical Specification Form given in Section IV and that it is acceptable that the Bidders submit Technical Specification Form in free form. As specified in ITB 11.1 it is mandatory to submit this form.</p> <p>The Technical Specification Form must be prepared according to instructions given in <b>Section VI. Schedule of Requirements</b>, subsection <b>Technical Specification</b>, subtitle <b>6. The description of the technical solution</b> (page 74 of the bidding document).</p>
